

Getting the Most Out of AutoCAD 2013

Lynn Allen - Autodesk

AC3981 The latest release of AutoCAD software is here—don't miss your chance to check out the new features firsthand. Join Lynn Allen, Autodesk technical evangelist and *Cadalyst* columnist, as she takes you through a tour of the latest features and puts you on the road to instant productivity. Robust model documentation tools, Autodesk® 360 cloud connectivity, and a modernized user interface are just a few of the new features in AutoCAD 2013 that you're going to want to learn all about. Knowing Lynn, she's sure to throw in some tips and tricks you can use regardless of the AutoCAD release you are using. She will also introduce you to the new automated workflows with the other products in AutoCAD® Design Suite including its newest member, AutoCAD® Raster Design software.

Learning Objectives

At the end of this class, you will be able to:

- Use the new modernized UI
- Save time with the updated model documentation tools
- Discover the advantages of using Autodesk 360
- Use the lesser known (but equally valuable) everyday tools that have been added into AutoCAD 2013

About the Speaker

Lynn Allen, Cadalyst columnist and Autodesk Technical Evangelist, speaks to more than 30,000 users worldwide each year. For the past eighteen years she has written a monthly column in Cadalyst magazine called "Circles and Lines" and is the voice behind the popular Cadalyst videos—"Tips and Tricks Tuesday with Lynn Allen". Lynn started using AutoCAD® software with Release 1.4, over 20 years ago, and taught at the corporate and collegiate level for 13 years before joining Autodesk. A sought-after public speaker with a unique comedic style, Lynn is always one of the highest rated speakers and host of Autodesk University®. The author of three AutoCAD books, her latest is entitled AutoCAD Professional Tips and Techniques.
