The New Industrial Revolution

Diego Tamburini

Sr. Industry Program Manager - Manufacturing

 @DiegoTamburini

Goals

1. Discuss the future of manufacturing and the opportunities it brings

- Focus: 3-10 year horizon
- Scope: manufacturing and design

2. Learn from each other

3. Collect your input to inform product strategy

- Particular interest: what's not on our radar

Agenda

1. Overview of the manufacturing landscape (Diego – 10 min)
2. Brainstorming session (All – 40 min)
3. Wrap up (Diego – 5 min)

Brainstorming Session

- **Topic:** *what manufacturing trends do you find most relevant/interesting?*
 - Encouraging trends / Opportunities
 - Concerning trends / Challenges
- **Process:**
 - Brainstorm ideas – identify top 3 (individual tables – 10 min)
 - Collect ideas (Diego – 10 min)
 - Recap/Discuss/Takeaways (All – 20 min)

Wrap up

- What we will do with your input?
 - Compile it/Analyze it
 - Summarize findings to our executive leadership
 - Refine our strategy and messaging
 - Come back with follow up questions (if you opt in)
- Follow @DiegoTamburini (or leave your e-mail with me) for report
