

Roundtable: Electrical in a 3D World

Randy Brunette

Electrical Subject Matter Expert

Janna Spicer

Product Manager, Mechanical Design

Lee Hollingworth

Sr. Product Manager, Electrical

Introductions

- Randy Brunette – Electrical Subject Matter Expert
- Janna Spicer – Product Manager, Mechanical
- Lee Hollingworth – Product Manager, Electrical
- Attendees: (Name, Company, Role)

Suggested Topics for Discussion:

Transitioning Electrical Designs into a Digital Prototyping World:

- Are you integrating electrical and mechanical design today?
- What is required for a smooth transition?
- What functionality is required?
- What makes 2D to 3D workflows valuable?
- What types of simulation are needed?
- How important is simulation?

Are you integrating electrical and mechanical design today?

What is required for a smooth transition?

-

What functionality is required?

What makes 2D to 3D workflows valuable?

What types of simulation are needed?

-

How important is simulation?
