Do-It-Yourselfer

Outdoorsman

My Lab Approach

NOT SCRIPTED !!

You're office isn't scripted, neither will be this lab. We learn by failing, reviewing the results and moving forward. We may fail in this lab, review the failures, learn from them and plot a path forward.

YOU HELP DIRECT WHAT WE COVER

There's a lot to cover. Everyone is here for a different reason. We'll see what the majority want to cover and run with it.

ASK QUESTIONS

Ask your lab assistants for help during the lab. Ask questions during the lab. Contact me after the Lab or after AU for more help.
